

Access™ Magnetico™

Magnetized Accessories that clear the clutter.

from mpsg

Magnetico™ gets space-robbing accessories off your desk, yet keeps them easy to reach.

The ideal way to store your stapler, tape dispenser and more.

The Access™ Magnetico™ line of desk accessories is the easiest way to eliminate clutter on your desk at work, home, or even in the dorm. Magnetico™ accessories are produced with high strength magnetic bases. They magnetically adhere to any metal surface (like a file cabinet or refrigerator) or to the (included) magnetic strips that come with the individually packaged items.

Not only are they space saving and functional... they look great too! Access™ Magnetico™ products will compliment any work environment with black bases and chrome trim.

Magnetico™ products are sold separately (see right hand panel) or in one of two kits. The More Space Kit contains a perforated steel push pin board (it's a magnetic whiteboard on the reverse side) with a separate rubber magnetic whiteboard, pencil cup, stapler, staples, staple remover, tape dispenser (with tape), 8" ruler, 4 magnets and a marker pen with eraser. The smaller, more economical More Desk Space II kit contains a 20" x 3" metallic board for wall mounting to which the following accessories can adhere: pencil cup, stapler, staples, staple remover, tape dispenser with tape, 8" ruler and 4 magnets.
